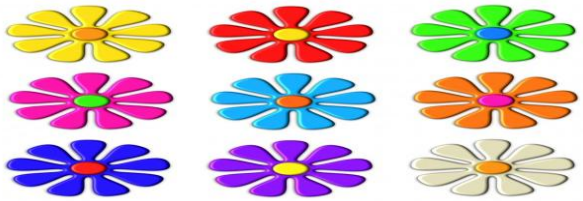
Town Hall Garden Club



The Westwood Civic Association Beautification committee is excited to invite you to be a founding member of the Town Hall Garden Club. Garden Club members will have the chance to plant, tend and maintain their garden from spring through to the end of fall. This is an opportunity that could lead to many years of fun and dirty fingernails!

Plenty of advice and technical assistance is available to help you maintain your garden in the manner and respect that it deserves.

This opportunity also includes other ways to be part of the Garden Club:

- Watering Team
- Litter Patrol Team
- Weeding Team
- General Gardening Team (Will gather on the grounds for 2 hour work sessions tba)

If you are interested in adopting a garden or joining one of the teams, contact Karen Strasser at strasser@fuse.net or text/call to 513-604-1167.
